

Setting Up Your FOREWARN Account:

As a Greater Gateway Association of REALTORS® member, setting up your FOREWARN account is quick and easy!

Use to this link <https://app.forewarn.com/verifysms/5b8efc7ba00136053ab7d557/xbhopH/active> and enter your email address when prompted to do so (be sure to use the email address that you provided to your local association).

You will receive an activation email from FOREWARN, just open it and click the link as instructed. If you do not see the email, be sure to check your junk/spam folder.

The link takes you to a page where you will enter the last 4 digits of your phone number.

You will be prompted to enter a confirmation code that will have just been texted to that phone number. Upon confirmation you will be prompted to create a password.

Now you are ready to download the FOREWARN app by searching for FOREWARN in the app store:

After activating your account, you can also log into your FOREWARN account from any web browser via the FOREWARN.com homepage (click 'Sign In' at top-right) or via this link: <https://app.forewarn.com/>

Searching FOREWARN in Seconds

Once you are logged into FOREWARN via the app or browser, you will be ready to find most people by simply searching for their phone number (the default method). FOREWARN will display everyone that has ever been associated with the phone number that you searched and display them in chronological order with the most recent being at the top, so it is normal to see multiple people in the search results. If the person you are looking for is not listed there, then simply switch to the alternate search method which is by name (click the link below the 'Phone Number' field).

FOREWARN Customer Support

If you experience any difficulty setting up your password or logging into FOREWARN, please reach out to FOREWARN support at 561-757-4551 or support@forewarn.com (Monday – Friday; 9AM-5PM ET).
